him concerning the gun in his wife's possession.

Hot words ensued, and Barton fired a shotgun, loaded with bird-shot, at George Wallace, and, after reloading, shot again at Guy Wallace, who returned the fire with a .32-calibre revolver, according to the slayer, who asserts that he only shot once.

After staggering for a few feet, Barton dropped to the ground. Examination of the body disclosed that the bullet had taken effect in the left breast, just above the heart. After the officers had secured statements from all three men, George and Clifford Wallace were released.

#### Explain Their Presence.

In explaining their presence in the vicinity, George Wallace, who is garage superintendent for the Atlantic Ice and Coal corporation, and lives at 12 Adair avenue, in Lakewood Heights, stated that he was on his

way to see another brother, E. P. Wallace, who was ill, and Guy Wallace, who lives on Fortness avenue, said that he intended to help his brother Clifford do some automobile repair work. Clifford Wallace stated that his occupation was an automobile mechanic.

Surviving the slain man are his widow, his mother, six brothers, and six children. Mrs. Ora Appling, Claude, Louise, Clifford, Mary and Christine Wallace. The body was removed to the undertaking parlors of A. C. Hemperly at East Point. Funeral arrangements have not been completed.

government who violated constitutional safeguards. The brief, which argues constitutional right of aliens in this country and renews the controversy of the league with the attorney general, is signed by the twelve lawyers who last summer published a report charging "illegal practices, cruelty and persecution" on the part of officers and agents of the department of justice in the raids. Among the signers are Dean Roscoe Pound and Professor Felix Frankfurter, of the Harvard law school, and Frank P. Walsh, former chairman of the national war labor board.

#### PROBE OF DEPARTMENT OF JUSTICE IS FAVORED

Untermeyer Also Suggests Investigation of Alien Property Custodian's Office.

New York, January 18.—An immediate congressional investigation of the department of justice and the office of the alien property custodian was recommended by Samuel Untermeyer in an address tonight at a testimonial dinner to Nathan Hirsch, prominently identified with the campaign against rent profiteering here. Mr. Untermeyer, who as chief counsel in the joint legislative committee's investigation of the alleged building trust, has obtained numerous indictments, declared he had no direct legal evidence against the two departments. "But," he added, "if a fraction of what comes to me is true (and I believe much of it to be true), such an investigation will disclose to the world a series of the most mortifying scandals that has ever befallen our country."

"There has never been a governmental department, national or state," Mr. Untermeyer said, "so urgently in need of immediate and painstaking investigation as are those of the alien property custodian and the department of justice, dating from the time of the enactment of the alien property custodian law. But the investigations must be conducted, if at all, under skillful, searching and strictly non-partisan direction, with the aid of experienced counsel and only after the same careful preparation, such as that which precedes the trial of a case."

Investigation of the activities of the secret service of the department of justice before and during the war, Untermeyer said. "would develop the fact that it did little except to rely largely on the reports of the British secret service that were gathered before we entered the war and to pay off the grudges and play its game and induce us to intern the unfortunates who had incurred the enmity before we entered the war."

He was in Atlanta Monday inspecting federal aid roads about the city, leaving in the afternoon for an inspection of important federal aid projects in the state.

#### With Neck Roped For Hanging, Man Owns to Murder

Lumber City, Ga., January 18.—With a rope around his neck in the hands of an angry mob, J. C. Thompson, white man, confessed this morning, according to county authorities, that he was a party to the murder of Robert Wilcox, 19, son of a prominent Telfair county farmer. Young Wilcox disappeared on Saturday.

The county authorities state that Thompson, in confessing, said that he and John Buchanan were operating a moonshine still in a swamp near the Oconee river, where Wilcox had gone to hunt, and when he

#### Didn't Relish Two Years of Starvation

"I have delayed writing to see if my relief was permanent; can say that I am feeling fine. appeared on the scene they thought he was a revenue officer and opened fire.

Thompson said that the body was thrown into the river at Cheney's ferry. It has not been recovered. After the confession the mob turned Thompson over to the county authorities and started out to find Buchanan.

It was not until this morning that Thompson, under pressure, made the startling disclosures as to his knowledge of the case. Many have been engaged throughout the day in dragging the Oconee river in the vicinity of the fisherman's shack. Other parties have been organized and have gone down the river in search of Buchanan. The feeling is running very high, and people generally of Lumber City and for many miles around will spare no effort to apprehend Buchanan.

Many persons are very susceptible to the odors of flowers. Poppies give them headaches and the odor of roses create a dizziness. Many singers object to violets as their odor is said to cause a huskiness and sore throat.

### Eat Beans

Food analysts tell us that beans come nearer to being a complete food than any other single item of diet. More of them should be eaten. There are many who like beans, but do not understand how to prepare them properly. Beans to be good should be soaked overnight in cold water. In the morning pour off the water, add fresh water and boil slowly until well done, taking the precaution to add a pinch of baking soda. When well done pour off the last water, add bacon or other seasoning and bake to suit.

**SENATE TO OKAY  
WILSON NOMINEES**

Early Confirmation of  
Emergency Appoint-  
ments Arranged — List  
Includes 5,534 Officers.

Washington, January 18.—Inaction by the senate on the thousands of nominations submitted at this session by President Wilson was broken today and the way paved for confirmation before March 4 of emergency appointments.

Attempts of democratic senators to force an executive session, none of which has been held since congress assembled last month, resulted in an agreement between party leaders to refer to appropriate committees, with instructions to report the nominations of 5,534 army officers recommended for permanent commissions by the Pershing board and now holding temporary appointments.

**Reach Agreement.**  
This agreement was reached after Senator Lodge, the republican leader, had given notice that his party would not tolerate any tendency on the part of the present administration to place its followers in office to the embarrassment of the new administration and after Senator Underwood, the democratic leader, had assured the republicans that "there was no desire on his part to do that." The agreement, it later was said, might lead to action before March 4 on a few other nominations of an urgent nature.

**To Seek Other Way.**  
The Florida senator later declared he would seek another way of "get-

**KELLEY CONVICTED  
IN GAMBLING CASE**

Defendant Is Given 12  
Months on Gang, Six  
Months in Jail, and Fine  
of \$1,000.

R. B. Kelley, the first person to be tried on the charge of operating a gambling house, as a result of the recent gambling probe, was found guilty by a jury Tuesday morning and sentenced to serve 12 months on the gang, then six months in jail, and pay a fine of \$1,000 by Judge John D. Humphries in the criminal division.

Kelley was accused of operating the place at 49 1/2 Central avenue, which was raided and closed by Solicitor General Boykin. He was one of thirty men who have been indicted by the grand jury. A large number of witnesses were called by the state and testified that they had authorized the gambling place and engaged in shooting dice there.

No defense was made by the defendant and he made no statement to the jury. Attorney W. Carroll Latimer, of counsel for the defendant, in his argument to the jury, declared that the state had not made out a case against Kelley.

**EXTRADITION PAPERS SENT  
FOR WILLIAM FLETCHER.**

Extradition papers addressed to the governor of Tennessee for William Fletcher alias Canadian Willie, were forwarded Tuesday night in an effort to bring him back to Atlanta, where he is wanted in connection with the present gambling investigation being conducted by the grand jury under the direction of Solicitor John Boykin. Fletcher is now in jail in Memphis.

Another victim from Alabama, whose name was not disclosed by the solicitor, will appear before the grand jury Wednesday. He has identified "Shorty" Williams alias George W. Williams, as one of the men who took part in his fleeing. According to the victim he was known here as Graham, but is not under arrest in Memphis under the name of George W. Williams. An effort will also be made to have him returned to Atlanta as soon as he is indicted. In all probability he will be indicted today by the grand jury.

New victims are arriving in Atlanta daily and are identifying the men who, it is believed, have taken them from their money. The probe is going along rapidly and the jury will soon go into its deliberations. It has been indicated by those in the solicitor's office.

Mexico City, January 18.—A score of persons are known to have been drowned and thirty to have been injured this afternoon when the dam supplying Pachaca, the biggest mining town in Mexico, broke and flooded the city. The property damage has not been estimated.

**PLAN TO BRING  
ARMENIAN GIRL  
TO AGNES SCOTT**

Plans for bringing an Armenian girl from that land of destitution to America, to attend Agnes Scott college, were discussed Tuesday afternoon at the meeting of the Agnes Scott club, held at the home of the Atlanta Woman's club, 946 Peachtree street.

The meeting was presided over by Mrs. Paul Bennett, the president, and the hostess of this session was Miss Laura Bell. In addition to discussion of renewed plans for bringing the Armenian girl to America, after recovery from sickness which prevented her arrival before, routine business was transacted and plans were made for sending a debating team to Randolph-Macon college for the annual competition between that school and Agnes Scott.

**DR. PLATO DURHAM  
PRESENTS OUTLINE  
OF "ATLANTA PLAN"**

"Handling of Any Racial Problems Arising from the 'Atlanta Plan,'" was the topic of Dr. Plato Durham's address Tuesday afternoon before the assembly of the Atlanta Chamber of Commerce, before the meeting of the Central Council of Social Agencies.

Dr. Durham outlined to the body what is known nation-wide as the "Atlanta plan," a system of cooperation through churches which has won wide success, and which, he suggested, might be well applied to other problems confronting the nation.

In the absence of Kendall Weisger, the president of the council, the meeting Tuesday was presided over by R. A. Magill, president of the Associated Churches and well-known in local welfare work.

**PICTURE SHOWS WORK  
AT PRESSMAN'S HOME**

Activities at the home supported by the International Printing Pressmen and Assistants' Union of North America in the town named for the home, Pressman's Home, Tenn., were shown Tuesday evening at 8 o'clock at the Labor temple. The home has many features, such as the treatment of tuberculosis, care for the aged, a home for the superannuated and a technical trade school. The picture was shown here under local No. 8 of the printing pressmen and assistants' union.

**SAVANNAH IS MADE  
NEW PORT OF CALL**

Savannah, Ga., January 18.—(Special.)—Official announcement was made today of the fact that Savannah has been made a port of call for the Atlantic Gulf and Pacific Steamship company. The decision was reached some weeks ago and published, but official and final announcement came only today. The company operates about a dozen vessels between Baltimore and Pacific coast ports.

"I always keep Dr. Pierce's Pleasant Pellets in my home for use when needed. I have given them to my children since they were quite small. They can be given with safety to the smallest child, owing to their being free from any injurious drug. They regulate the stomach, liver and bowels in a mild, but very effective way. part of a federal reserve shipment which was to have been placed on a train leaving for St. Paul, Minn., at 2:30 a. m.

The bandits surprised three postal employees guarding the pouches forcing them at the point of guns back into the truck, while the han-

dit car drew alongside and the twelve mail bags were transferred to it. The robbery was accomplished in a few minutes.

Thomas Carter, Richard J. Silney and Philip Cahill, postal employees, said the five men, none of whom appeared to be more than

twenty years old, all wore black masks and carried out the robbery in such a short time that the attention of a watchman and a railroad mail foreman working nearby was not attracted until the robbers were speeding away in their motor car with the twelve pouches.

# ATLANTA AD MEN SPEND DAY WITH ATHENS AD MEN

Athens, Ga., January 18.—(Special.)—Frank E. Lowenstein, vice president of the Associated Advertising Clubs of the World; Dave Webb, president, Atlanta Ad club; George Lowman, first vice president and advertising manager of the Rogers stores; Joel Chandler Harris, Jr., Howard Sea, second vice president of the Dixie Culvert, and Metal company; Charles Lockridge, advertising manager of The Constitution; Armond Carroll, editor of The Advisor, and Dr. Burke, all of Atlanta, were guests here today of the Athens Ad club, at a luncheon given at the Georgian hotel.

M. G. Michael was toastmaster, and Messrs. Lowenstein, Webb and Burke addressed the club. This was the second meeting since the organization of a live wire advertising club in Athens.

## CRITICAL ILLNESS OF REV. J. A. WYNNE

Gainesville, Ga., January 18.—(Special.)—Rev. J. A. Wynne, one of the most prominent Baptist divines in Georgia, is seriously ill at his home in this city and fears are entertained for his recovery. He was stricken a few days ago and has gradually grown worse. His son, Paul Wynne, of Quitman, has been wired and is expected to reach here tonight.

## O'CALLAGHAN CASE STILL UNSETTLED

Controversy Between Departments of State and Labor No Nearer End After Meeting of the Cabinet.

Washington, January 18.—The inter-departmental controversy over Donald J. O'Callaghan, lord mayor of Cork, who recently arrived in the United States without a passport, was still undecided today after a cabinet meeting.

President Wilson, it is understood, continued today to maintain the position that the question of O'Callaghan's status was one for the two department heads of labor and state to determine.

With the state department's order for the lord mayor's deportation ignored by the labor department in adjudging O'Callaghan a "seaman" and in granting him permission to land in the United States and re-ship aboard a vessel bound abroad, the solicitor of the state department today reaffirmed that his department had the right to assume jurisdiction in the case and order the lord mayor's deportation.

A conference of state department officials, however, failed to disclose what steps might be decided on with a view to enforcing the decree. It was stated by one of the officials that no immediate action of an extreme character was contemplated, although, it was asserted, it was within the state department's power to request the department of justice to deport O'Callaghan for violating a criminal statute in entering the United States without a passport.

## 1,000 Atlantans Join Vaccinated Ranks in Atlanta

City Health Officer J. P. Kennedy closed his desk, rearranged the cushions of his chair and settled back for a week's session at the telephone. For the vaccination crusade is on and a catechism of questions, some fifteen in number, have been alphabetically arranged over the telephone.

Up to closing time Tuesday, approximately 1,000 Atlantans had been "scratched," but additional physicians are to be put to work in various sections of the city to give vaccine to the crusade. In all, Dr. Kennedy estimates that there are more than 25,000 people in Atlanta who have never had vaccinations that "took."

Dr. Kennedy was warm in his praise of the attitude taken by the great majority of people who submit without argument to the work of the physicians, or else announce their intention of having it done by family physicians. He contrasted the reception this year with that of seven years ago, when he broke up a meeting of the "Anti-Vaccination league" to find that of the 50 assembled, all but three had been successfully vaccinated.

Optional With Patients.

When the bare arm shows a scar, it is optional with the patient whether or not he is vaccinated. Dr. Kennedy stated, but all those who

have not been left with scars must submit their arms to be vaccinated. With the vaccination completed, he observed further, all danger of an epidemic is past, for there is on record in his office only one case where a patient contracted smallpox with a successful scar.

The value and the necessity of vaccination were emphasized by Dr. Kennedy in his resume of the school situation in Atlanta. "There has been only one case of smallpox this year in the city schools," he said, "despite the thousands of children attending the schools. This was a case where the child had been vaccinated, but it had not taken. The schools are inspected annually to find just such cases where a revaccination is required."

While in some isolated instances the people have objected, practically a 100 per cent compliance with the board of health order has been met, Dr. Kennedy said. If those accented do not wish to submit to the representative of the health department, they have 24 hours in which to have the slight operation performed by their family physician. If at the end of this period they produce a certificate from a private physician, they have complied with the law. If they do not they are arrested and haled into court.

School Situation.

Even should a case of the disease be found in a home, Dr. Kennedy continued, others residing there will not be isolated if they have ever had a successful vaccination. Several instances of the family being carried where the father was vaccinated, the home disinfected and the children allowed to continue in school.

With each of the 15 crews now working in the city, Atlanta policemen have added another accomplishment to their many qualifications. Besides being on hand in case of objections they carry the "tools" and assist the physicians in the work. It is hoped to augment the crews by several more doctors within the next few days, and while it is expected that the work will require from three to four weeks, Dr. Kennedy hopes to have it completed not later than February 15.

As a result of a vaccination, Dr. Kennedy states, is in the neighborhood of 25 cents, and the work is estimated at \$15,000. But this, he states, is cheap if Atlanta's reputation as "The City Without an Epidemic" can be maintained.

## TWENTY INJURED IN TRAIN WRECK

Day Coach Jumps Switch and Crashes Into a Freight — Relief Train on Way.

Greenville, Ohio, January 18.—Approximately twenty persons were injured, three or four seriously, when a day coach on westbound Pennsylvania passenger train No. 7, en route from New York to St. Louis, jumped a switch here at noon today and crashed into an eastbound freight train standing on a siding.

The engine, tender and baggage car of the express train passed over the switch, but the first day coach jumped the switch, throwing the end of the one car into the freight train. Several other cars left the track, but most of the injured were in the day coach.

RELEASING.

Richmond, Ind., January 18.—A relief train carrying doctors and nurses was sent from this city to Greenville, Ohio, this afternoon following a report that westbound Pennsylvania passenger train No. 7 had been wrecked and a number of persons seriously injured.

## CIVILIANS KILLED IN IRISH AMBUSH

Seven Policemen Wounded in Fight in County Galway — Member of Commons Is Arrested.

London, January 18.—Four civilians were killed and seven black and tan auxiliary policemen were wounded in a fight in County Galway, Ireland, according to reports received here today. The fight ensued when a black and tan patrol was ambushed near the city of Galway.

## COMMONS MEMBER UNDER ARREST

Belfast, January 18.—David Kent, Sinn Fein member of the house of commons for the east division of Cork, was arrested yesterday. He makes the seventeenth Sinn Fein member of the British parliament now in jail.

Six members of the Irish republican parliament are now in the United States, two are on the continent and two have died, while one, Diarmid Lynch, has resigned.

Constable Boyd was shot dead yesterday in a saloon at Cappaghwhite, County Tipperary. His assailants escaped.

## CANE SUGAR GROWERS APPEAL FOR TARIFF

Southern Growers Tell Committee Industry Depends on Protection.

Washington, January 18.—Criticism of the government's methods of sugar distribution during the war, together with a practically unanimous appeal of cane sugar growers for a protective duty marked consideration by the house ways and means committee today of revision of the Underwood tariff act as it applies to sugars, molasses and syrups.

Practically the entire day was given over to testimony of conditions in the cane belts of the south, but representatives of several refiners, among them former Representative John J. Fitzgerald, of New York, were included in the witnesses as they stirred up the old-time strife between producers and refiners.

Mr. Fitzgerald declared that the government's policy during the sugar shortage last year had been such as to penalize the whole nation, in order to favor Louisiana producers.

"If the government had bought the Louisiana crop," he said, "it could have given it away, saved those people whom it tried to get a grip on the sugar industry, and make the people pay for it."

R. E. Milling, of New Orleans, representing the growers, retorted that the refiners had sought to "get a grip on the sugar industry" and make the people pay for it.

## Kloor Sidesteps Mention of Fight In His Testimony

Commander of Balloon Party, Recently Lost in Canada, Tells Story of Trip to Court of Inquiry.

Rockaway, N. Y., January 18.—Carefully avoiding any mention of the first fight between Lieutenants Hinton and Farrell, which brought to a surprising denouement their recent balloon flight into Canadian wildernesses and tramp back to civilization, Lieutenant Louis A. Kloor, Jr., who commanded the party, described their experiences in detail today before the court of inquiry investigating the affair under orders from Secretary of the Navy Daniels.

"Newspaper accounts have reflected on the actions of your two companions," the court told Lieutenant Kloor. "Now state what you know about the personal conduct of the party from the time of leaving the air station until your return."

Speaks With Care.

Picking his words with care, Lieutenant Kloor paid high praise to the personal conduct of his companions until they reached Mattice, where the altercation occurred. "That's all I have to say," he declared, but the court reminded him his story had not yet brought the airmen back to Rockaway.

Then he mentioned that Lieutenant Hinton had left the private car in which the two of them were seated shortly after arriving at Mattice to deliver to Lieutenant Farrell Secretary Daniels' order against granting interviews.

"Hinton said he would tell Farrell and in doing so he had to go to the Hudson Bay company store, after which he returned to the room we were occupying in the private car," Lieutenant Kloor said.

Again Dodges Fight.

It was while Hinton was gone on this mission that the fight occurred, but the witness made no mention of it.

"The conduct of Lieutenants Hinton and Farrell on our return from Mattice to this station," he continued, "was in no way questionable."

Concluding his testimony, Lieutenant Kloor turned to the press table and smiled at a dozen newspaper men, who were among themselves by discussing his apparent evasion of the question on the altercation.

During the weeks they spent in ice-bound forests, at Moose Pass, and in trudging through the snow back to civilization, Lieutenant Kloor said each of the men "made sacrifice after sacrifice." He did not think there "was any one particular hero."

## POPULAR ATHENIANS ILL, REPORTED BETTER

Athens, Ga., January 18.—(Special.)—Two of the most prominent citizens of Athens and widely known over the state, Judge Hamilton McWhorter, lawyer and jurist, and Major John E. Talmadge, head of the Talmadge Grocery company, are desperately ill at their homes in this city, but the condition of both is reported better tonight.

YOUR INVISIBLE GUEST

## "A CERTAIN RICH MAN" "THIS POOR WIDOW"

IF THREE AND ONE-HALF MILLION  
CHILDREN ARE TO LIVE—

More and larger gifts must be made.

Ten dollars is a big gift for many.

Even less means sacrifice for more.

But for others—

Those who ride in cars costing thousands, the tires of which would save the lives of forty children—

The gift of \$500, \$1,000, \$2,500, or \$5,000.

To save babies dying of hunger.

May be pitifully little.

You know your class.

Crumbs will not save the starving.

Dives did too little.

Living in luxury himself,

He fed crumbs to starving Lazarus.

Abraham himself could not save Dives.

Have you given even crumbs?

When rich men and a poor woman gave,

Jesus said of her mite:

"This poor woman gave more than they all—She of her want did cast in all the living that she had."

An Atlanta mother has given more,

Her son, who fell in France.

To the gift of her boy's life,

She has added money,

To keep his sacrifice from being vain,

And to spare other mothers the agony,

Which she and thousands of women

Endured in the loss of their sons.

Did your soldier come home to you?

Are the children safe under your roof tonight?

Babies, who must go maimed through life,

If you do not feed them—

Small boys and little girls,

Who must die,

If you do not help them—

The children of other mothers,

Like Lazarus at the gate of Dives,

On your doorstep beg for food to live.

You will give them more than crumbs.

## DEFENDS HIGHWAY COMMISSION'S ACT

Bibb County Board Answers Dr. Frazer's Charge of Fraud—This Paving Contract Canceled.

Macon, Ga., January 18.—(Special.)—The board of county commissioners of Bibb county today rescinded the contract with County Engineer S. R. Shi, whereby the engineer was to pave 20 miles of Bibb county roads for the county. The commissioners then instructed Mr. Shi to advertise for bids for the paving work.

The Bibb superior court recently enjoined Shi from doing the work under his contract with the county commissioners, and today Shi and the commissioners mutually agreed to cancel the contract.

The county board took occasion to answer published charges of Dr. E. R. Frazer, alleging wholesale fraud and corruption against the state highway commission of Georgia. The statement of the commission says the members have no information warranting such charges on the part of Dr. Frazer.

"Our information," says the statement, "is that the highway commission had made a contract for the purchase of cement in large quantities and at advantageous prices at the time the contract was made, with the further condition in the contract that this price is guaranteed, notwithstanding the fact, we expected to have all cement and steel against any and all declines, further material for paving bought from local dealers, provided the same could be bought to the advantage of the county."

W. R. Neal, state highway engineer, who was here today, defended the contract for cement, saying that the contract was a favorable one, but that no effort would be made to force the counties to make use of the cement under this contract.

## THOUSANDS TO HEAR GREATEST CONTRALTO

Tonight's Recital May Mark Final Appearance Here of Mme. Schumann-Heink.

One of the largest audiences of the season is expected to hear the recital tonight at the Auditorium by Mme. Schumann-Heink, for the advance sale has been exceptionally large. Mme. Schumann-Heink's recital last winter was one of the big successes of the season. The famous contralto sang her way straight into the hearts of fully 4,000 admirers, who kept her returning for encore after encore until her set program had doubled its length.

Her program includes several of the great numbers which have been for years associated with the contralto, besides several groups of the new to Atlanta. Many letters requesting that she sing certain favorites have been awaiting her arrival at the Georgian Terrace hotel, and it is probable she will accede to as many requests as possible.

This probably will be Atlanta's last opportunity to hear the acknowledged leader of contraltos, for Mme. Schumann-Heink has announced her intention of making a tour of the Orient at the close of her season, and retiring from the concert stage upon her return. She has been singing in opera and concert more than twenty-five years.

Appearing with Mme. Schumann-Heink is George Morgan, a well-known baritone. Mrs. Katherine Hoffman is the piano accompanist. Seats are on sale at the store of the Cable Piano company, or may be had at the Auditorium box office after 7 o'clock. The recital is under the direction of the Evans-Salter Musical bureau.

## HIGHWAY ASSOCIATION MEETS IN KNOXVILLE

Knoxville, Tenn., January 18.—The Lee Highway association will convene in Knoxville tonight for its first annual meeting, with delegations present from many points along the route, which extends from New York to New Orleans. The sessions close Thursday morning when definite decision may be reached as to an extension route to California. Memorial services will be held Wednesday morning in observance of Lee's birthday.

## Alleged Robbers Recently Fired By Auto Concern

Alleged Defalcations in Stockroom and Repair Work Were Given as Cause—Prisoners Protest Innocence.

What is considered a significant development in the robbery charge against Ernest H. Moore, former automobile mechanic for John Lottridge Motor Sales company, who was arrested Monday in Greenville, S. C., together with Sam Maynard, of 136 West Peachtree street, by an Atlanta policeman in connection with various holdups and mail robberies, was the statement by John Lottridge, president of the company, that he had discharged Moore and several other mechanics from his employ a few days before Christmas, following alleged defalcations in stockroom and repair work records. Mr. Lottridge said that for some time previous to the dismissal of the men various irregularities in the shop had been disclosed, and, not having evidence to fix the responsibility, he discharged the superintendent and a number of mechanics and helpers.

Efforts by the police to connect Moore and Maynard with being implicated in robberies about Atlanta, other than that of I. Prie, the furrier who lives on Central avenue, and his nephew, a number of persons sustaining losses through holdups and thefts have been called to the station house to see the two suspects and state whether or not they can identify them.

Following the arrest Monday of Maynard and Moore in Greenville, S. C., by Officer Central Atlanta, a watch fob (locket) belonging to I. Prie, was found on Maynard, according to the officer.

Officer Stegall stated that he would also be able to show that Maynard and Moore conducted a series of robberies of the express office and parcel post packages here, in which expensive furs, clothing, etc., were taken.

Maynard and Moore continued to protest their innocence, stating that not only had they not taken part in any robberies or thefts, but had no knowledge of them except through newspaper accounts.

## JAP STATESMAN SEES DUPLICITY IN U. S. DESIRE

Tokio, January 17.—(By the Associated Press.)—American proposals that Japan, Great Britain and the United States "take a naval holiday" is eloquent proof that despite the fabulous riches of America she wishes to curtail national expenditures, and therefore the proposals are intended more to help America than to contribute to the peace of the world, said Marquis Shigenobu Okuma, former Japanese premier, in an interview here today. He asserted America should first consult Great Britain relative to the suggested suspension of the naval program.

"Only when an American-British agreement has been reached," he added, "can Japan be in a position to consider this proposition. Japan's naval program is first minimum necessary for national defense."

Charges that it appears the American government is giving the incident arising out of the death of Naval Lieutenant Langdon at Vladivostok undue importance are made by the Kokumin Shimbun.

"If, as believed," the newspaper continues, "America goes as far as to bring Japan's basic policy in Siberia, including the question of the evacuation of that country by Japanese troops, it is likely fresh cause for discussion has arisen between the two governments. Moreover, such a question would cause a dispute between the Japanese office and military authorities here."

## FRENCH BLACK TROOPS AND COSSACKS CLASH

Constantinople, January 17.—(By the Associated Press.)—French black troops turned their machine guns on mutinous Cossacks of General Wrangel's former army camped at Tchatalja, 25 miles northwest of Constantinople, Saturday night after the Cossacks had disarmed their officers. The Russians returned the fire, killing ten Cossacks and wounding twenty others and two French officers.

### Argentine Club Election.

The Argentine club held its semi-annual election of officers and directors January 16, at the uptown clubrooms. Mr. Jesse D. Booth was re-elected president of the organization. C. P. Carroll, vice president; Clarence L. Haynes, secretary; Cecil R. Hall, re-elected treasurer, and the following board of directors were named: Tom D. House, Phil H. Humphries, A. E. Waldron, Forrest H. Carroll, Lamar Caldwell, Herman H. Grout, Ed E. Branch and Herman Bradley.

The Argentine club was organized seven years ago as a dance club and incorporated under the laws of the state as a fraternity also. The won-

## Junior League Gives \$351 To Starving Tots of Europe

The Atlanta branch of the Junior League, at a special meeting yesterday at the Piedmont Driving club, contributed \$351 from the league treasury to the fund for the starving children of Europe.

Besides the organization gift, individual volunteer donations were added, to the amount of \$101, bringing the total of \$452.

Mrs. Glen Ryman, president of the league, presided at the meeting, and the plea for the starving children was made by Marion Jack-

son. The league, which has contributed generously to every good project which excites the interest of the organization, responded promptly.

The other matter of business settled was the appointment of delegates to the National Junior League conference, February 6, 7, 8, and 9, in Montreal.

The Atlanta members to attend officially will be Mrs. Ryman, president; Miss Isoline Campbell, Miss Henrietta Tupper and Mrs. J. S. Silcox.

derful success of the club has been due largely to the high standards which they have always endeavored to live up to and which will be embodied to an even greater extent by the new officers and board of directors when they go into office on February 1.

After the installation of the new officers and directors of the club there will be a stag banquet given

at the Ansley for Argentine members in honor of the new and old executive boards. This occasion is expected to be a most enjoyable one.

The date of the previously announced formal dinner-dance has been postponed to February 1 and will be given at the Georgian Terrace hotel about Valentine day in celebration of the seventh anniversary of the club. Details of this event will be given out in a few

### Atlanta Woman's Club In Motion Pictures.

Of interest to all members of the Atlanta Woman's club is the announcement that motion pictures taken Monday in which officers and members of the club are shown will be on the screen at the Howard theater at the 9 o'clock show Wednesday night, and will also be shown on the regular Howard program at all performances Thursday, Friday and Saturday.

The pictures were taken when the club women gathered at the Eubank, first at the Howard theater, next at the city hall and last at the Woman's club, where he was entertained at a reception.

This is the first time the beautiful new building of the Woman's club has been shown in motion pictures.

### Y. W. C. A. Club to Entertain Wives of Ex-Service Men.

In honor of the wives of the ex-service men who are taking training under the federal board of vocational education in this city, the Y. W. C. A. Newcomers' club will entertain with a reception at the Young Women's Christian association, Peachtree Arcade, Friday afternoon, January 21, from 3 to 5 o'clock.

The occasion will be noteworthy in its purpose and hospitality. The Newcomers are a group of wives who have recently come to reside in this city and have been organized into a club by the Y. W. C. A. Their first large entertainment is a club will be in honoring the wives of the ex-service men.

The Y. W. C. A. club room will be decorated with palms and trails of green ivy. Tea will be served and a popular orchestra will be present to grace the pleasures of the afternoon.

### Eight Hundred Ladies At Mammoth Bridge.

The "Kettledrum," which takes place Thursday, January 21, at 8 o'clock at the Auditorium, will be a big and spectacular event. Eight hundred ladies will be present in the card games. Hundreds of other tickets have been sold to spectators who will sit on the balcony following the game. Reservations have been made by many prominent Georgians throughout the state who will come to Atlanta to attend the "Kettledrum."

The event will be well worth seeing. Mrs. W. W. Banks is chairman of the day; Mrs. Marion Harter is chairman of the tea which follows the game.

The four elaborately appointed tea tables will be arranged in the center of the Auditorium on an elevated platform. Tea tables are eighteen feet long and will be appropriately decorated in the colors of the Joseph Habersham chapter, colonial blue and white. The L. A. R. insignia will adorn each table.

Large silver ante-bellum urns and tea kettles from the collection of Atlanta's four hundred will be used. The card tables will be symmetrically placed in sections of 10. Each ticket holder is assured of a reserved seat. Thirty-two handsome prizes have been donated by friends of the Joseph Habersham chapter.

The game will start promptly at 8 o'clock. The boxes and dress circle will be opened to spectators throughout the afternoon. The event will have the aspect of a grand opera matinee. Many gorgeous mid-winter afternoon teas will be worn and the event will be a gala occasion.

Assisting in the entertainment of the "Kettledrum" will be Mrs. W. L. Peel, Misses Julia Murphy, Caroline Blount, Misses Divina, Elizabeth Hawkins, Mary and Elizabeth Carroll, Henrietta Tupper, Mary Nelson, Katherine Erwin, Alex Stirling, Mesdames Semmes, W. D. Manley, J. C. Whistley, Marion Smith, Edgar Paulin, W. L. Shallenberger, Philine Calhoun, E. D. Smith, Philip McDuffie, M. Gray Zaluski, W. W. Banks, Marion Harter, W. E. Kiser, J. C. Lyle, W. F. Dykes, J. R. Hardin, Holleman, George Niles, Christian Clark, Charles Whitner, Lee Hasen, E. B. Stud, W. J. Hardin, Treadwell, Robert Stahl, W. L. Mathews, E. Rogers, W. A. King, W. H. Durden, C. D. Telford, J. J. Toler, Charles Robinson, W. W. White, W. L. Greene, John Pugh, G. H. Rosenbusch, Charles Lewis, Harry Schlesinger, T. J. Ripley, W. L. Coleman, George Shepherd, W. L. Parcy, G. G. Black and Allison Greene.

Every table has been taken and single seats and tickets are sold to spectators.

### East Lake School.

At the recent meeting of the East Lake Parent-Teacher club at the schoolhouse, the first vice president, Mrs. Albert T. Akers, presided.

The reports from the various committees showed that the club is wide awake. The thrift committee reported through the chairman, Mrs. Billek; that although the last one formed, it is not behind in the work.

Thrift banks and book-banks will be placed in the schools at once, for the use of the pupils, and a school library will be provided. Funds are being raised by each committee in a variety of interesting ways.

A short program followed the business. Robert Gould, Van Dieman Brown, Ralph Rigdon, Lois Bates and her cousin, Ralph Rigdon, sang and Jo Beth Apperson gave an interesting explanation of the Victrola record, "The Shop," and then it was listened to with much pleasure.

Miss Kathleen Clement played a beautiful Swedish Lebection, "Midnight in Sweden." A social half-

HERDS USED IN MEDICINES

Manchester, England, paper urges the renewed cultivation of old fashioned medicinal herbs in England. In the United States they have also gone out of fashion as a feature of the small garden, although they are imported in large quantities from Turkey, India and China, where they are grown purely for commercial purposes, as their medicinal value is recognized by many leading physicians. Some of the medicinal herbs used annually in the preparation of Lydia E. Pinkham's Vegetable Compound, a most successful medicine for women's ills. It contains no narcotics or harmful drugs, and women afflicted with such ailments should try it.—(adv.)

### Alliance Francaise.

L'Alliance Francaise will hold its regular meeting Thursday at 8:30 o'clock at Assembly hall at the Carnegie library.

A program has been planned for the formation of those who contemplate taking a trip to France. All the provinces of France will be discussed from our historical, commercial, artistic and literary viewpoints.

The first one will be "La Bretagne." Mademoiselle Billant, a native of this province, will speak about the manners, customs and quaint ways of the old Brittany people.

Mademoiselle Graleau will speak of the great men that La Bretagne gave to the country.

Madame Newton will recite a good selection of Brezany's best poems in which he sings in verse his love for his native land.

Madame Stanford will speak about the big cities—their commercial importance, their situation and origin. The meeting will begin promptly. A full attendance is desired.

### Honoring Mrs. Wood.

Miss Louise Harwell entertained at an elegantly appointed dinner last evening at her home on Piedmont avenue, the occasion commemorating Mrs. Mary Louise Wood, of Covington, Ky., the attractive guest of Mr. and Mrs. Charles A. Moon.

The lace-covered table had for the central decoration a silver case holding pink roses and paraisol, and four silver candlesticks held unshaded pink candles. Place cards, hand-painted by the hostess, each holding a different colored umbrella, were used, and small wicker baskets of candy were placed with bows of pink satin ribbon.

Miss Harwell was gowned in black lace combined with black satin.

Covers were placed for Mrs. Wood, Miss Harwell, Mr. and Mrs. Wood, Thomas Lyndon, William Tift and Willard McBurney.

### Mr. Nye's Pictures At the Club.

For those who love paintings, water colors or oils, there is an unusual opportunity of gratifying their taste in viewing the landscape of Edgar Nye, American painter at present residing in Washington, D. C.

This collection is daily on view in the art gallery of the Atlanta Woman's club, 214 Columbia bldg., admission, free of charge.

This exhibition was made possible by a gift of Mr. Nye in Washington and recognized the strength of his work.

Actuated only by his love for his art and his desire to bring a deserving artist before a southern public, Mr. Underwood brought the exhibit to Atlanta and installed it at his own expense.

Mrs. C. M. Jerome, efficient chairman of the art committee of the Atlanta Woman's club, collaborated with Mr. Underwood and hung the paintings in the only gallery in the city of Atlanta—the gallery which she herself secured and equipped—that of the Atlanta Woman's club.

There are many real art lovers in Atlanta. This fact was proven on the night of Tuesday, January 11, when the exhibit was opened. Hundreds of people thronged the gallery, studied and enjoyed the paintings. Among the guests were Guston Borglum, noted American sculptor and famed the world over, and Prince Louis de Bourbon, artist and patron of art.

In order that great things may continue to be reviewed, the public is urged to patronize this exhibit and to buy some of these paintings. The prices are reasonable, the subjects are varied and will suit all tastes. Let artists feel that Atlanta welcomes paintings as she does music.

### Mr. and Mrs. Halle Entertain Celebrities.

A social event of distinction last night was the dinner given by Mr. and Mrs. L. A. Halle at their home on Ponce de Leon avenue in compliment to George Beban, a leading figure on the dramatic stage, and now prominent among motion picture producers and actors, who is appearing this week at the Howard theater in the course of a transcontinental tour to stimulate the popular demand for better pictures.

Mr. Beban has long been a friend of Mr. and Mrs. Halle, who have been entertained at his palatial home at Hollywood, Cal. Another guest of national note was Charles

## Morning Orchestra Concert At Howard Theater Today

All music lovers, and especially those interested in symphony music, are looking forward to this morning's concert which will be given at the Howard theater. The event is quite unusual and indications point to a capacity attendance.

Enrico Laide and the Howard orchestra, assisted by Ann Jago, contralto, are to appear in a lecture recital on orchestral music. Mr. Laide, in addition to conducting the regular program, has arranged to give a most interesting explanation of the orchestra and orchestral instruments, which will give the untrained music lover an opportunity to get a clear idea of what each does in the whole orchestra.

The event is being sponsored by the Atlanta Music Study club in anticipation of the Cincinnati Symphony orchestra, and their decision to hold the meeting in the downtown section makes it possible for business men and women to attend who otherwise could not avail themselves of this unusual opportunity.

Miss Jago, who makes her Atlanta debut at this time, is an artist of exceptional talent. She possesses a voice that is said to be of the finest quality and extraordinary range. She has made excellent impressions in New York and other northern centers where she has appeared before the most critical audiences. At today's concert she will sing the prophetic aria, "Ah mon fils."

The orchestra, which will render a program consisting of symphonic, chamber, vocal and classical masters. Of added interest is the announcement that Mr. Laide will play by request "Sunset Land" and the Hawaiian melody, "Farewell to Thee," arranged for symphony orchestra, which created such enthusiasm among those who heard them during the presentation of the "Love Flower" at the Howard last week.

The entire public is invited to attend, and especially those who anticipate attending the concert of the Cincinnati Symphony orchestra on January 18. There will be a small admission fee of 25 cents to cover the actual expenses of the concert.

The program will begin promptly at 11 and be finished by shortly after 12.

### 114 Eggs A Day Now Instead of 25 A Day

This Means About \$125 Extra Income Per Month for Mrs. Ropp.

"I have 200 hens, including late pullets not old enough to lay, and had been getting 25 to 30 eggs a day. Then I tried Don Sung and am now getting 107 to 114 eggs a day."

—Mrs. Essie B. Ropp, R. R. 2, Littleton, Ind.

This increase of 7 dozen a day in the middle of winter, at 60c a dozen, makes \$125 extra income per month. Don Sung for her 200 hens cost about \$25.00. It paid her, and we guarantee it will pay you.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded.

Don Sung (Chinese for egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It tones up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

Don Sung can be obtained promptly from your druggist or poultry remedy dealer, or send 50c (includes war tax) for a package by mail prepaid. Burrell-Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.—(adv.)

### SURE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calomine powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts with only any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin—pinching and squeezing only causes irritation, makes larger, and do not get them out after they become hard. The calomine powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Any body troubled with these unsightly blemishes should certainly try this simple method.—(adv.)

## Women Plan Part in Sessions Of Dixie Tariff Association

At a meeting of Atlanta women with Mrs. Charles A. Farwell, of New Orleans, chairman of the woman's division, Southern Tariff association, held yesterday in the Georgian Terrace hotel, steps were taken in the organization of a Georgia branch of the division, during the congress of the Southern Tariff association which meets here January 27, 28 and 29.

Plans were perfected for the reception which the woman's division will give the afternoon of January 27 to Mrs. Calvin Coolidge, wife of the vice president-elect, who will be in the city with Mr. Coolidge during the three days of the congress.

The reception will be given at 4 o'clock in the afternoon at the Georgian Terrace hotel. The entire first floor of the hotel will be used for the entertainment.

### Atlanta Appointed

Mrs. Farwell appointed on the list of invitees, yesterday, Mrs. Hugh Dorsey, Mrs. Joseph Billups, Mrs. Hayes McFadden, Mrs. John E. Murphy, Mrs. Samuel Lumpkin, Mrs. Albert Thornton, Mrs. J. K. Otley and Mrs. Robert Maddox.

Two hundred and forty Atlanta ladies will be present, and it is esti-

mated that many will come as representatives from other states.

A letter was sent to Mrs. J. E. Hays, president of the Georgia Federation, Women's Clubs, inviting her to the reception, also the members of the executive board of the federation, who will be in session in Atlanta January 27.

Mrs. Nixon, secretary of the division, read a message from Mrs. Coolidge accepting the invitation of the woman's division, to be present of the reception.

**Purposes Envisioned.**

J. A. Arnold, representing the Southern Tariff association, was present at the meeting and explained the purposes and principles of the organization, and the part women will take in it.

He stressed the fact that it was non-political and non-partisan, and for the definite purposes of helping the south, her products, resources, industries, a necessary protection.

He mentioned that every phase of the subject would be discussed by men masters of the subject and experts in their lines during the Atlanta conference.

Women will meet with the men at all conferences. Mrs. Rosalie Nixon is secretary of the woman's division, her office at the Georgian Terrace.

## IS AGAIN GOVERNOR OF SOUTH CAROLINA

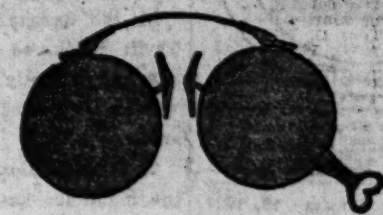

Columbia, S. C., January 18.—Governor Cooper began the second term of his administration when he was inaugurated before a joint meeting of the state assembly today, the oath of office being administered by Associate Justice Watts, of the state supreme court. The governor devoted the greater part of his address to education. Lieutenant Governor Wilson G. Harvey, of Charleston, was sworn in as president of the senate, and Walter E. Duncan, of Alken, the only other new state

officer-elect, was sworn in as comptroller.

Governor Cooper referred to the low percentage of literacy in South Carolina and urged liberality in appropriations for the common schools. He declared that a tax levy of four and a half mills would be needed to cover the cost. He stated that compulsory education had in its first year, 1920, increased the public school enrollment by 89,000, bringing the total to half a million.

means nothing, because its defeat is assured by the claim that it is authorized that part of the special tax levied for school improvements will be repealed.

With the schools figuring that they have nothing to gain by a bond election, it would be impossible to arouse their enthusiasm in its behalf.

But the situation could easily be changed by giving them something to fight for, as urged by Chairman Gaines and Superintendent Dykes.

In the meantime the special tax levy is with us!

## THRIFT AND INSURANCE

In the program for National Thrift Week—no day stands out more prominently than this which will be dedicated to Life Insurance.

The institution of American life insurance has just passed its seventy-fifth birthday. Probably no feature of American economic life has been more notable than the stupendous increase in the amount of life insurance put in force during the last ten years.

The figures of two hundred and sixty-six level premium or Old Life companies indicate that more insurance has been put into force in this country during the last ten years than was written in the sixty-five years prior thereto. It was thought that 1919 would bring about the flood-tide of this amazing increase, but figures just compiled for 1920 indicate that the amount of life insurance put into force will top the record for 1919 by more than twenty per cent. Authentic figures available thus far from one hundred fifty-three of the leading life insurance companies indicate new business written for 1920 of nine billion seven hundred million, as against eight billion twenty-four million for the prior year.

It has been conservatively estimated that the number of new policy holders enrolled by American life insurance companies during 1920 would exceed seven million, a number more than a million in excess of the population of the city of New York. This has come about in spite of the era of retrenchment.

The stupendous figures demonstrate that the lesson of Thrift has been brought home to the American people. It has been well said that sociologically the institution of life insurance represents the greatest contribution that the genius and enterprise of America have thus far made to the civilizing forces of the world. Its stabilizing influence on the nation has far-reaching effects.

Various reasons have been attributed to the tremendous increase in the volume of new business in force, but generally speaking, it has been due to the appreciation of the American people of the necessity for carrying out a Thrift program with reference to personal and business matters, and to the good work of the life insurance agent whose tireless work is to a large measure responsible for carrying the lesson of insurance thrift to the homes of the people.

## NOTHING TO FIGHT FOR.

Council has voted a special tax of forty-five hundredths of one per cent for school purposes, which is five one-hundredths of one per cent less than the one-half of one per cent as originally proposed.

The difference is so small as to be immaterial.

The special tax is levied, and if it stands the test of the courts it will yield approximately \$1,235,000, of which one million is to be set aside for school improvement.

The ordinance committee of council was instructed to report an ordinance providing for a election for a bond issue of \$1,000,000 for school purposes.

Councilman Gordon takes the position that if the bond issue carries, the special tax levy will be reduced by council to the very small levy of one-eighth of one per cent to cover last year's deficit. He says that council would have made specific provision accordingly had it not been for the ruling that the special tax levy and the bond proposition could not be legally correlated, the city attorney holding that each of the two had to stand on its own bottom.

At any rate, we have the special tax levy with us unless, of course, the courts intervene.

Regardless of the bond election, even if it is held, the special tax, in our opinion, none the less a fixture.

Council has no more idea of repealing it than it has of painting the rings around Saturn.

More than that, no bond election can carry if any considerable element opposes it, and the forces that drove the special tax levy through, openly avow their opposition to any kind of a bond issue, however small.

The very fact that the schools would have practically nothing to gain by a bond election naturally puts them in a position where the enthusiasm of their labors could not be aroused as it could have and would have been had there been something for them to fight for.

What would the schools have to gain if they were asked to get back of a bond election for \$1,000,000, which, if successful, would lose them the \$1,000,000 already voted them through the special tax levy—and yet Councilman Gordon says that this is exactly what would happen.

Whether or not Councilman Gordon is correct in his estimate of the situation, the fact remains that those who advocated the special tax as the only way to meet the situation are not likely to arouse themselves to fight to get something they already have, and which Councilman Gordon says they would lose if the bond plan won.

Under a condition of this kind, therefore, a bond election for a million dollars would be a waste of time, energy and expense.

Chairman Gaines, of the board of education; Superintendent Dykes, officers of the Parent-Teacher association and others declare that if the schools are really to be served the thing to do is to dig deep and give the friends of the schools something really worth fighting for.

They suggest a \$5,000,000 bond issue.

If council is really willing to test the temper of the people, why not try that?

Such a proposition would mean something.

The million dollar bond proposal

He seemed to preach at me and then—he seemed to preach at Mary!

She turned her eyes—blue as God's Skies—when that dear text came ringing: And, to my grieving soul's surprise, she joined not in the singing: I thought I heard her lips repeat the text of that dear brother, And that her heart was saying sweet: "Love . . . love one another!"

A blessed sermon, 'twas to me; the benediction over.

I walked with her in ecstasy, across the fields of clover

And then I told her all the love my true heart could not smother.

And now, through life, forever we're loving one another!

Depreciation and Obsolescence.

Depreciation of property used in business must be based upon either its cost or its value as of March 1, 1913, if acquired prior to that date; it must further be based upon the estimated life of the property and the uses to which the property is applied, after consideration is given to the salvage value. The law also provides for a reasonable allowance for obsolescence which implies the process of the art or because of inadequacy caused by the progress of science, or because of changes in the demand for the property, or because of changes in the demand for the property, or because of changes in the demand for the property.

A reasonable deduction from gross income is allowed for the depreciation of natural deposits (mines and gas wells, etc.), and for the depreciation of improvements, including buildings, machinery, and other tangible assets, which are not otherwise deducted. In the case of properties acquired prior to March 1, 1913, and not acquired as a result of the purchase of a business, the fair market value as of that date shall be taken in lieu of cost; and in the case of properties acquired after March 1, 1913, the cost shall be taken in lieu of fair market value. The depreciation allowance shall be based upon the fair market value of the property at the time it was acquired, and shall be computed by the straight-line method over its useful life, not exceeding thirty years.

Contributions and Gifts.

Contributions and gifts made by an individual, partnership, corporation, or other entity, for the promotion of charitable, scientific, or educational purposes, shall be deductible from gross income for the year in which they are made, up to a maximum of ten per cent of the gross income for that year.

Losses.

At the time of filing the 1918 return the taxpayer was permitted to deduct a loss of \$1,000,000, on the fact that he had sustained a substantial loss (whether or not actually realized by sale or other disposition) resulting from any material reduction (not due to temporary fluctuations in market value) of the value of his property, as determined by the appraiser, in the year 1918.

## How to Make Out Your Income Tax Returns for 1921

## NEGRO TO CONTROL STATE PATRONAGE

Henry Lincoln Johnson, Negro National Republican Committeeman, Tells Hollomon He Will Have Much Influence With Harding.

BY JAMES A. HOLLOMON.  
Washington, January 18.—Henry Lincoln Johnson, negro member from Georgia of the national republican committee, says he will largely control the Georgia patronage under the Harding administration. That statement is perhaps authentic and is substantiated from a source that are directly linked with the chief heads of the incoming political regime. Johnson is now in Washington in conference with the republican leaders who are to figure chiefly in the reorganization of the government's appointive personnel after March 4.

An exclusive statement as to Georgia offices made to me today by Johnson, the negro leader declared that President Harding would quickly rescind the Wilson civil service order covering all presidential postoffices, but that a great number of the smaller appointment offices in Georgia would continue to be administered by democrats.

Minor Places for Negroes.  
Johnson declared that he would ask that competent negro men and women be employed as clerks, messengers and so on in the larger cities, such as collectors of internal revenue, the first class postoffices and other of the major commissioned places; but that in all cases it would be the policy of the administration to appoint only whites as the ranking commissioned officials.

As to that, wing of the party in Georgia that made the unsuccessful fight before the national committee at the Chicago convention, it will have no voice whatever, either in the dictation or participation in federal patronage under President Harding," continued the negro leader.

Moves to Washington.  
Henry Lincoln Johnson, who is perhaps the most famous negro today in America, has moved his family to the capital. He will make Washington his headquarters for the next four years. He may be registered of deeds for the district, registrar of the treasurer or minister to Hayti, any one of which positions is open to him. However, Johnson declared to me:

"I do not know that I shall accept a government position. I may practice law here, with offices in Atlanta also, and interest myself in some proposed legislation in which I am vitally concerned. I am particularly anxious to see the sixteenth congress pass an anti-lynch law. Such a bill will pass, I am assured."

It is plainly evident that from a mercenary viewpoint wholly, Johnson, with the ear of the administration and of republican leaders, could make infinitely more money as a political lawyer in Washington during the Harding administration than as an official, and this is probably the viewpoint that has the Atlanta negro swinging on the fence at the present time.

## NOBLES OF YAARAB WILL DANCE TONIGHT

The second big dance to be given by the dance committee of Yaarab Temple will be held tonight at Druid Hills Golf club. All members of the temple and sojourning nobles, with their ladies, are invited to this event, which will be strictly formal, nobles being required to appear in evening dress and tux, and to present the 1921 Shrine card at the door.

The first dance given by this committee was such a success that Potentate Henry C. Chance authorized it to arrange for three more. The others will be held in February and March.

## SUSPECT IN ROBBERY CASE FREED TUESDAY

A. W. Weaver, aged 25, a barber of Cedartown, Ga., who was arrested Monday night under suspicion of being implicated in the robbery of C. W. Chance, of 101 South Ashby street, was Tuesday released from police station, no evidence having been found by the officers to connect him with the holdup.

This leaves the police without any definite clues as to the identity of the two highway robbers who beat up and robbed Mr. Chance of \$273 Monday night while he was walking along City street between Baker and Harris. Mr. Chance sustained a wound on the head where he was struck by the bullet, and he had to be taken to the Grady hospital for medical treatment.

## TWO CLIPPINGS TELL OF FORD'S MARRIAGE

U. S. Officers Securing Evidence for Use in Alleged White Slavery Case.

Information reached Atlanta Tuesday, which tends to confirm the claims by two women of their marriages to Captain Carl Ford, and substantiate the state charges of bigamy and the federal charge of white slavery against the former Camp Gordon finance officer, who is now held in the Fulton Tower in default of \$2,000 bond. In direct conflict with the continued assertion of Ford that he did not come to America with Mrs. Ford No. 1, the young English woman, who claims to have married Ford in England, it was learned Tuesday by government officers that on August 19, 1919, New York newspapers, telling of the arrival of the transport Agamemnon, contained statements that one of the returning officers aboard was Captain Ford, accompanied by his war bride, formerly Katherine Maughan.

From Tampa, Fla., came information that Mrs. Ford No. 2, with whom Captain Ford has been living since coming to Atlanta, is the daughter of H. M. Snell, wealthy banker of Winterhaven, Fla. Attorney Frank J. Chalmers, counsel for Mrs. Ford No. 2, stated that his client used the name, "Mrs. Carrie Sutton Ford," to protect the name of her family. Her real name, at the time of her marriage to Ford, it is said, was Mrs. Claire Snell Grille.

According to the New York newspapers, Ford's marriage to Katherine Maughan was the culmination of a pretty battlefield romance, which began when the young woman discovered Ford lying under an automobile near Rouen, France, doing some repair work. She offered to assist him, and the courtship followed.

In connection with the arrival of the transport, which brought the Third division from Brest, The New York Tribune carried this paragraph: "Among the officers who brought home brides was Captain Carl Ford, of Hamilton, Ala. His bride was Miss Katherine Maughan, chief driver at the British army general headquarters. She was a chauffeur for Major General Rawlinson, of the British army, and wears several medals."

Following is an excerpt from The New York Herald, of the same date: "Captain Carl Ford, of Hamilton, Ala., returned with his bride on the S. S. Agamemnon today. Captain Ford's wife was Katherine Maughan, a Scottish lassie, who was acting as a chauffeur for General Sir Henry Rawlinson, British G. H. Q. She found Captain Ford one day near Rouen, lying under a flier, trying to make it go. The romance began when she went to his assistance."

## COL. CLARENCE DEEMS IN ATLANTA THURSDAY

Colonel Clarence Deems, former commander of the Tenth Infantry and Twenty-first artillery regiment of the Eighty-second division, which trained at Camp Gordon, arrived in Atlanta Tuesday and is at the Wincoff hotel. He will remain here a few days while he attends to some business matters.

He served in France with the Eighty-second and upon his return was attached to the general headquarters department at Washington.

## CHARLES M. LEHMAN HEADS B'NAL B'RITH

District Grand Lodge Will Convene Next Year in Greensboro, N. C.

Greensboro, N. C., was selected as the place for the 1922 convention of the district grand lodge, No. 5, B'nal B'Rith, at the closing meeting of the Atlanta convention in the Standard club on Washington street Tuesday morning.

And here is Mrs. Cora Adkinson, of the same address, who possesses the husband believed by Grimes to be bent on vengeance and who is not exactly keen about going home to him and the four children that she left in her wake when she fled from her old Kentucky home.

And still again here's little 4-year-old Annie Adkinson, who, without malice aforethought, accompanied her mother on the elopement by auto, and what does she do while occupying her mother's quarters in the city prison but break out with smallpox.

The Adkinson child was removed from the city prison to the isolation hospital, and what does she do while occupying her mother's quarters in the city prison but break out with smallpox.

It is expected that Grimes will be taken back to Kentucky Wednesday.

## Child in Elopement Case Suffering From Smallpox

It never rains but it pours, everything always happens at once, and every other maxim that ever decorated the top line of an old-fashioned copy book are all as true as gospel, if you consider the case of the Kentucky elopement now incarcerated in Atlanta's police barracks.

Here is Charles Grimes, farmer, of Harrodsburg, Ky., waiting for the arrival of a sheriff who has warrants accusing him of eloping with the wife of a neighbor he believes possessed of a dark and bloody desire for vengeance and a doublebarreled shotgun; nor does Grimes believe that he is going to be just exactly greeted with open arms by the wife and six children that he deserted.

And here is Mrs. Cora Adkinson, of the same address, who possesses the husband believed by Grimes to be bent on vengeance and who is not exactly keen about going home to him and the four children that she left in her wake when she fled from her old Kentucky home.

# THE CONSTITUTION OF THE ATLANTA COMMERCIAL EXCHANGE

## Trading Remains Light, With Wall Street Bearish

BY R. L. BARNUM

New York, January 18.—Prices on the stock exchange opened a fraction lower this morning and remained soft until noon. But there was no selling pressure, and it was necessary to look up and down at some length on the quotation boards in brokers' offices to find a decline of as much as a point. On further reports of curtailment of output by steel plants, steel shares sagged. During the first hour the oil stocks were heavy, with the exception of California Petroleum, which was up 4 points. Up to noon, when prices began to harden, practically all of the transactions were in 100 share lots. Up to noon the turnover was only 260,000 shares, which included only \$3,800 steel common. As much as 1,000,000 shares of steel common have changed hands in one single day.

But even from noon on the trading was light, making the day's turnover about the same as for yesterday, 500,000 shares in round numbers. For the first week of this year, while prices were advancing, the daily turnover was a million shares or more. The first two days of last week were million-share days. Since then, however, business began to drop off.

### Wall Street Bearish

For fifty stocks, twenty-five rails and twenty-five industrials, the average price now shows a daily change of a small fraction. Yesterday there was a decline of 37 of a point to 70.4. Today's decline was about the same. The high price for this year was reached on January 11 at 72.33. That, compared with the low of 62.77, made on December 22, when the forced liquidation hit its peak.

Wall street as a whole is bearish, predictions being made on all sides that lower prices are going to be made before the end of February than were established last December. Nevertheless, from the foregoing figures, it is plain that the predicted renewal of liquidation so far has failed to materialize.

To some close students it appears that the stock market has discounted all of the good and bad news in light, and is now waiting for something new to turn up, either one way or another, on which a position can be taken.

### Good Demand for Securities

There was a good demand today for traction securities on the theory that a recovery was overdue. Some idea may be had of how the securities in this class have declined, from the fact that the Brooklyn Rapid Transit is dropped from above 101 to 97; Interborough Metropolitan 4 1/2 from 7 1/2 to 11; Interborough Rapid Transit 58 from 99 to 92; Manhattan Elevated 48 from 94 to 49 1/2. These bonds are now up only from 3 to 6 points on the average from last year's low price.

A reduction of 25 cents a ton has been made in the price of steam coal at Youngstown by the Pittsburgh Coal company, with a drop of \$1 a ton in gas. It is long past the time when coal prices should have started to register the fact that the war is over.

Traders are especially bearish on United Fruit, which sold ex the 100 per cent stock dividend yesterday. No headway is being made by the shorts, however. Closing at 103 yesterday, today's opening was 101 1/2; then there was an advance to 104 before noon.

### Increase in Auto Employees

Seventy-nine automobile plants reporting to the association are employing 34,102 men, an increase of 25 per cent over three weeks ago.

Yesterday the department of labor at Washington gave out figures showing that a reduction of 8 1/2 per cent occurred in wholesale prices during the month of December, bringing the average price of all commodities down 30 1/2 per cent, compared with the high of the year. The December decline of 8 1/2 per cent, compared with the decline of 13 per cent for November and 14 per cent for October, the month of the greatest liquidation. From today's London cables it appears that the decline in prices is increasing. Sauerbeck's index number of commodities for December declined 16 1/2 points, a greater drop than was reported for November, which was the largest since liquidation started. At the close of December the index number was 207.2 against 223.8 for November; 239.9 for October; 248.7 for September; 258.5 for August; 254.6 for July; 255.7 for June; 250.0 for May; 263.1 for April, which was the high level. The average at the close of December, which was the largest since July of 1919, represents a drop of 58.9 points from the high at the close of last April.

## MYSTERY SURROUNDS SLAYING OF FARMER

### Causes Leading to Fatal Jefferson County Shooting Are Undetermined

Louisville, Ga., January 18.—(Special.)—Thomas A. Smith, who killed W. A. Hall, a Jefferson county farmer, was lodged in jail here this afternoon. Smith claims that Hall was advancing upon him when he grabbed his gun, shooting Hall at close range. The latter's head was literally blown off. Smith's wife was the only witness to the tragedy, and she says that she had no words that she remembered to anything, but that both men rose up from their seats about the same time. Her husband went into an adjoining room for his gun as Hall advanced on Smith. Smith was taken out of Hall's place.

It is thought Hall went to Smith's home to confer with him about the farm work. Smith says that there had been no ill-feeling between them, but that Hall had been in the county this morning and began talking loud to his wife. He said he had been sick and that he was tired. When the talking moved him up, he got up and dressed and then Hall started at him with a gun behind him in a threatening manner.

Hall was a lifelong resident of the county. He was 60 years old. Smith was formerly of north Georgia, having moved here in 1910. He was bound over to the grand jury for murder by the coroner's jury this afternoon.

## GORDON EXPECTS CUT IN TAX LEVY

my honest opinion that the people will pass the measure which the same clerical they would the small. This may not be exactly apropos, but let me say that the school building program begins schools should not be built out on the sidewalk. The school board and we never thought of denying the horses and cows exercising in the school yard. The children to do without playgrounds for their athletics, and exercises is something I cannot understand. Another election should be held in the school board. The schools have always been made to take the crumbs from Atlanta's table," said Mr. John Smith, president of the Atlanta Parent-Teacher council, "and I hope that the bond issue will be for \$5,000,000, so that we can have a decent program of expansion. The Atlanta will work for anything to aid the schools, even in the slightest, but we don't feel that less than \$5,000,000 will give us the substantial help we need.

"We are obliged to do something and it would be expected that the school board would do something. A \$5,000,000 bond issue will do this."

The tax levy of 45-100 per cent became a law Monday morning. Mayor Key affixing his signature to the measure early in the day. Under this levy approximately \$1,235,000 will be collected from the people this year, and it is proposed by the mayor that \$1,300,000 be spent for new schools and the balance added to the deficit in the department.

School heads expressed their gratification Tuesday that they are assured of \$1,000,000, according to council's plan, this being the approximate sum that would be collected from the tax stands or whether the bonds are voted in the sum recommended by the finance committee, and the tax reduced.

As long as this is the status they said it plans to keep the school forces would be expanding.

needless energy in launching into a bid fight for \$1,000,000 they all ready have by the special tax levy. The incentive to go into a campaign to get by the bonding method, the school board has already conferred on them by the extraordinary tax plan could be ruled out. But a \$5,000,000 issue would be a different matter to the school system and to Atlanta's worth. The school board has already been aggressive campaign to procure, they said, and earnestly pressed the case for the school. The day council will take the broadest view in looking at the school situation and give the people an opportunity to decide for themselves on a proposed \$5,000,000 issue. W. A. Smith, president of the board of education; Superintendent W. F. Dykes and other school officials are advancing upon him when he grabbed his gun, shooting Hall at close range. The latter's head was literally blown off. Smith's wife was the only witness to the tragedy, and she says that she had no words that she remembered to anything, but that both men rose up from their seats about the same time. Her husband went into an adjoining room for his gun as Hall advanced on Smith. Smith was taken out of Hall's place.

## WOMAN TO HEAD COUNTY SCHOOLS OF NEW LAMAR

Barnesville, Ga., January 18.—(Special.)—Miss Mattie Tye is to be the first school superintendent of Lamar county, according to the action of the newly appointed board of education of the county. The new board was organized in line with the new order of things in which women are expected to play such an important part.

Miss Tye is one of the most prominent and successful educators of middle Georgia, and for several years has been working in the state department of education. John G. Bush, who had been chairman of the board of education of Lamar county, is the chairman of the Lamar board of education and G. P. Williams is the superintendent. Other members are T. G. Dumas, G. W. Moore and J. M. Sims.

## SAVANNAH DECLINES SCHOOL BOND ISSUE

Savannah, Ga., January 18.—(Special.)—The special election called to determine the issuing of \$1,000,000 bonds for school purposes was held today and lacked 150 votes of receiving the necessary majority. Nearly 4,000 votes were polled.

If the bonds had been carried, the funds so received would have been used in the construction of ten new school buildings. Another election may be called at some later date.

AMATO, OPERA SINGER, IS "ACUTELY ILL"

Chattanooga, Tenn., January 18.—Pasquale Amato, grand opera singer, who was killed here yesterday, is confined to his hotel with a severe attack of tonsillitis. Dr. Hackney, the attending physician, tonight thought that his patient "acutely" might be able to travel by Thursday.

Amato was to have been heard here last night, but this engagement was cancelled.

Files Adoption Petition.

Anderson, S. C., January 18.—The first step to make himself legally the guardian and protector of the seven Russian orphans he brought home with him from Sebastopol was taken here today by Rear Admiral McCully in filing a petition in common pleas court for permission to adopt the children.

Woman Is Unopposed.

Greenville, S. C., January 18.—The first woman in South Carolina to hold a county office, Mrs. Fannie C. Scott, will be elected judge of probate of Greenville county today.

Mrs. Scott, who is unmarried, will succeed her husband, Walter M. Scott, who was killed in an automobile accident recently.

## Naval Commander Winship Is Heir In Wife's Millions

Is Given \$200,000 in Fee  
Simple, and Made Guar-  
dian for Children Liber-  
ally Cared For.

Macon, Ga., January 18.—(Special.) Commander Emory Winship has been named executor of his wife's estate and also the guardian of their two children, under the provisions of the will of Mrs. Katherine Dillon Winship, which was probated in the court of ordinary here today.

The estate of Mrs. Winship aggregates several million dollars, and includes much property in both Georgia and California.

After providing \$200,000 in fee simple for her husband and a number of charitable bequests, Mrs. Winship specifies in the will that

the remainder of the estate must be held intact until their youngest child, now 11 years of age, reaches the age of 30 years. There is also a provision as to the distribution of the estate, the distribution of Mrs. Winship's jewels and other things. The two children of Commander Winship, who are provided for liberally under the terms of the will, are Henry Dillon Winship and Katherine Mary Winship. The sum of \$2,000 in cash is provided for the Associated Charities of Macon; one brother in California, Maurice Harold Casey, is to receive \$10,000, and a sister, Mrs. Margaret Casey Hall, of Savannah, is to get a similar amount.

Other bequests of \$2,000 each are made to the following charitable organizations of San Francisco: Sisters of the Holy Family, Youth's Directory, Doctors' Daughters, and the Frisco Maternity home.

An inventory of the property will be filed with the court upon the return of Commander Winship to Macon. He is at present in California.

## Subbing as Juror For Another Man Causes Mistrial

Action at Moultrie Halted  
by Judge When Misfit Is  
Discovered — Precedent  
in Georgia.

Moultrie, Ga., January 18.—(Special.)—Discovery that there was an interloper in the person of J. H. Horne, on the jury, caused Judge W. E. Thomas to declare a mistrial in the suit of Dr. G. M. Anderson, health officer, against the board of county commissioners this afternoon. The incident came about in an unusual way and is without a parallel in Georgia jurisprudence, according to court attaches here.

The trial of the case began Monday afternoon. At nightfall court recessed, Judge Thomas giving the usual instructions to the jurors about not discussing the case with any one. Tuesday morning before court was called to order eleven of

the jurors took their places in the box. Horne, who was drawn for jury duty at the term, came in and evidently not knowing a case was being tried, took the vacant chair in the box. A moment or so later R. L. Presley, one of the twelve men selected to decide the issue between the commissioners Dr. Anderson, appeared in the courtroom. He saw that some one had taken his chair and he admits that he thought this was queer, but not being familiar with court procedure he assumed another juror had been pressed into service to fill his place. Consequently he didn't voice his doubts to the lawyers on either side or to Judge Thomas.

The machinery of the court began moving. Horne kept his seat and Presley remained silent. Witnesses were questioned and cross-questioned. The relevancy or irrelevancy of testimony was argued, and when it was over Judge Thomas charged the jury at length, the case being an important one.

After lunch the jury with Horne still subbing for Presley, retired to make up a verdict. Some one then told Judge Thomas and he immediately ordered a mistrial. Contempt charges were not brought against either of the jurors involved, but the mix-up was the outgrowth of possible unfamiliarity with court procedure on the part of the two men.

A secret of that "INDEFINABLE SOMETHING" that enables one man to push ahead and win while twenty others may fail.

## WHICH MAN IN THE PICTURE BELOW IS YOU?

A map may be a great success in "good times" when the going is easy, but a COMPLETE FAILURE IN "HARD TIMES"—the man worth while is the man who can face the great depression of "hard times" WITH A SMILE and still win.

The constant worry, anxiety, stress and nervous strain that a man is under in "hard times" often saps his vitality, weakens his brain and "WILL POWER" and takes the life and driving force out of his blood, without his fully realizing it. SOMETHING IS WRONG, that he is not GETTING AHEAD as he should, but he doesn't know why. IF YOUR BANK BALANCE IS NOT UP TO THE MARK, if things are not coming your way, look into your physical condition.

YOUR BRAIN CANNOT WORK RIGHT—think the thoughts that bring SUCCESS—when YOU LACK BODILY AND MENTAL VIGOR—a great business man has said that genius is nothing but the capacity for hard work—a wizard is generally a man who thinks longer and harder than the other fellow—that "indefinable something" that wins is often nothing more than an "IRON WILL" supported by IRON BLOOD.

IRON IS THE MASTER PRINCIPLE OF THE BLOOD and blood is life. It is the iron in your blood that carries oxygen to your brain. Without iron and plenty of rich red blood your brain becomes weak and your INTELLIGENCE IS POOR. YOU MAY MAKE BAD DECISIONS; DO FOOLISH THINGS; YOUR MEMORY OF IMPORTANT FACTS MAY BE WEAK. YOU ARE CERTAINLY NO MATCH FOR THE STRONG, LEEEN, CLEAR HEADED MAN with plenty of iron in his blood. Although you may give two men the same fire arms or swords in a battle, the strong, vigorous fellow always has a decided advantage over a weak, tired-out opponent.

THROUGH IRON YOU CAN ALSO LOSE ITS POWER TO CHANGE FOOD INTO LIVING CELLS AND TISSUE and nothing but iron can do this. The iron in your blood—do not get the full strength out of it. In fact, sometimes the more you eat the

## JOHN B. HOCKADAY

Named as president of the Southeastern Express company.

The official announcement from Washington of the organization of the new express company is as follows:

## OFFICIAL ANNOUNCEMENT OF SOUTHEASTERN EXPRESS CO.

Washington, D. C., January 18. (Special.)—Express business over the Southern Railway system and the Mobile & Ohio Railroad will be handled by the Southeastern Express Company, organized March 1, 1921. It was announced from headquarters of the Southern Railway today.

The Southeastern is a new company, recently organized under the laws of Alabama, for the purpose of conducting an express business in the southeastern states. It will have a capital of one million dollars, owned by southern business men, will have headquarters in Atlanta, Ga., and will have branches in all the principal cities of the south.

John B. Hockaday, formerly president and general manager of the old Southern Express company, will become president of the Southeastern. He is a native of Tennessee.

The decision of the Southern and the Mobile & Ohio to contract with the Southeastern for the handling of express business is stated by officers of the Southern to be based on the firm conviction that the new company will establish offices at all points reached by the Southern and Mobile & Ohio and will open an active campaign of solicitation for express business of all kinds, both through and local.

Over the Southern and the Mobile & Ohio it will operate on practically ten thousand miles of railway, reaching Washington, Richmond and Norfolk on the east; Cincinnati, Louisville and Evansville on the north; St. Louis, Memphis, Greenville, Miss., and New Orleans on the south; and the important interior cities of the south, including Alexandria, Lynchburg and Danville, Va.; Winston-Salem, Charlotte, Greensboro, Durham, Raleigh and Asheville, N. C.; Columbia, Greenville, Spartanburg, S. C.; Atlanta, Macon, Augusta, Athens and Columbus, Ga.; Birmingham, Montgomery, Selma, Anniston and Gadsden, Ala.; Knoxville, Chattanooga, Jackson and Bristol, Tenn.; Meridian, Hattiesburg and Laurel, Miss.; Lexington and Danville, Ky.; East St. Louis and Cairo, Ill. It will reach Baltimore by the boats of the Chesapeake Steamship company, connecting with the Southern at Richmond and Norfolk.

Mr. Hockaday, who will direct the operation of the Southeastern, has had over forty years of experience in express services in the south, knows the southern people and is thoroughly familiar with the peculiar conditions surrounding the handling of express traffic in the southeastern territory.

He is a native of North Carolina, as located in Savannah for ten

## "Nomads of the North."

(At the Criterion.) The motion picture screen has long since become the center for physical combat, but it remained for James Oliver Curwood to offer a novelty in the way of a fight in "Nomads of the North," which is the attraction of the week at the Criterion theater, with Lon Chaney, who has won success in his unique roles in "The Penalty" and "The Miracle Man," playing the principal part. One of the biggest moments in this play is a deadly struggle between a man and a huge bear, the latter of which fights in order to save the life of its mistress. This conflict between such sharply contrasted gladiators offers a series of thrills different from those usually found in modern pictures.

## George Beban.

(At the Howard.) George Beban will bid Atlanta farewell today on the screen and in person at the Howard theater, where he has been appearing since Monday in his playlet, "The Sign of a Cross," on the same program with his new picture, "One Man in a Million."

Mr. Beban will be seen twice more in "The Sign of a Cross," at 2 o'clock and 7 o'clock performances. The picture will be shown at all regular performances at 1, 3, 5, 7 and 9 o'clock, together with other heavy features, including the News weekly and "One Man in a Million" is one of the finest productions ever shown in Atlanta.

## "The Testing Block."

(At the Lyric.) William S. Hart, the popular Paramount star, has scored a new triumph in his latest picture, "The Testing Block," at the Lyric theater this week. It is a picture of tremendous action, dramatic interest and genuine heart appeal. Mr. Hart is the author as well as leading player. He finally succeeds in getting his wayward woman, and there is an excellent cast. The fine music by "Dancing Nelly Gray," is a big feature of the picture.

## Keith Vaudeville.

(At the Lyric.) Tip is a dog, the kind that has caused authors to write, and has caused scientists to argue that animals have brains. Tip is said to be the greatest dog in the world, and the remarkable things he does, if not the greatest, since vaudeville, are a credit to his intelligence. Tip, who is featured on the Keith Vaudeville bill at the Lyric today only, has been the charge of Bob Leo. Leo has worked not only to make Tip the wonder dog, but to make him a star of the vaudeville stage. Tip is a real dog, and he is really the star of the show. Frank Conroy, famous blackface comedian, headlines the bill.

## "Flying Pat."

(At the Lyric.) Peppy Dorothy Gish rivals Huck Finn in her latest picture, "Flying Pat," at the Lyric theater today. Huck, you remember, returned to attend his own funeral. Dorothy is in her own kitchen while a nationwide search is being made for her and is an extra-ordinary on all the constabularies being held between her husband and his corpse.

## FORD IS GAINING OVER NEWBERRY IN VOTE COUNT

Washington, January 18.—About one-third of the ballots in the Michigan senatorial election of 1918 had been recounted tonight by the senate privileges and elections committee and Henry Ford had made a net gain of 1,619 votes over Senator Newberry, who was elected by a margin of 5,589 plurality.

The committee has recounted ballots of 1,039 of the 2,332 Michigan precincts, but has not reached the bulk of the canvass in Detroit. The progress of the recount, started two weeks ago, indicates four more weeks will be required for completion.

IF YOUR BANK BALANCE IS NOT UP TO THE MARK, if things are not coming your way, look into your physical condition.

YOUR BRAIN CANNOT WORK RIGHT—think the thoughts that bring SUCCESS—when YOU LACK BODILY AND MENTAL VIGOR—a great business man has said that genius is nothing but the capacity for hard work—a wizard is generally a man who thinks longer and harder than the other fellow—that "indefinable something" that wins is often nothing more than an "IRON WILL" supported by IRON BLOOD.

IRON IS THE MASTER PRINCIPLE OF THE BLOOD and blood is life. It is the iron in your blood that carries oxygen to your brain. Without iron and plenty of rich red blood your brain becomes weak and your INTELLIGENCE IS POOR. YOU MAY MAKE BAD DECISIONS; DO FOOLISH THINGS; YOUR MEMORY OF IMPORTANT FACTS MAY BE WEAK. YOU ARE CERTAINLY NO MATCH FOR THE STRONG, LEEEN, CLEAR HEADED MAN with plenty of iron in his blood. Although you may give two men the same fire arms or swords in a battle, the strong, vigorous fellow always has a decided advantage over a weak, tired-out opponent.

THROUGH IRON YOU CAN ALSO LOSE ITS POWER TO CHANGE FOOD INTO LIVING CELLS AND TISSUE and nothing but iron can do this. The iron in your blood—do not get the full strength out of it. In fact, sometimes the more you eat the

## IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY

When you get up feeling tired in the morning, when you find yourself nervous, irritable and restless, when you are no longer doing your day's work without being all fagged out at night, or have pains across the back and your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration or until in your weakened condition you contract some serious disease. At once take a course of the IRON BLOOD ENRICHING medicine. It will help you to build up your body and mental vigor of weak, tired, nervous people, in two weeks' time. It's like the iron in your blood and like the iron in spinach, lentils and apples. You can even eat it if you wish. It will not blacken or injure the teeth nor disturb the stomach. It is entirely different from ordinary metallic iron which people usually take, and which is made merely by the action of strong acids on small pieces of iron.

Be wary of substitutes. Look for the word "NUTRATED" on every package and the letters "I. B. E." on every tablet. Your money will be refunded by manufacturers if you do not obtain perfectly satisfactory results. At all druggists.

## BETTER AND BRIGHTER TIMES ARE PREDICTED

The thirteenth annual Warman banquet, held last night at the Piedmont hotel and attended by more than 140 retail merchants and business men, was an event of unusual commercial interest to Atlanta and the southeast.

Each year this banquet, with J. Warman, city salesman for R. H. Warman-Malone company, as host, has become more firmly established in the estimation of Atlanta merchants as a business barometer, and from the opinions expressed by the speakers there are clear skies ahead for 1921.

J. R. Smith, of Smith & Higgins, toastmaster, sounded the first note of optimism in an introductory address that carried with it the conviction of one who had looked carefully into the conditions which face the commercial world and who had concluded that we have arrived at a sound and solid basis for a splendid business year.

Policy of Co-operation.  
Lee Ashcraft, the newly elected president of the Atlanta Chamber of Commerce, outlined a policy of constructive and progressive co-operation for the business interests of Atlanta and the whole southeast to follow, and affirmed his faith in the ability of the strong men of this section to carry out. His address was an inspiring call to the exercise of hard-headed business judgment in making "the Atlanta point" for the coming year some-

Announcement that the insurance firm of Rhett-Obierne-Lochridge has sold out its local fire insurance business to Haas & Howell, one of the biggest firms in the country, has created a great deal of interest not only among local insurance men, but throughout the south.  
The transaction, according to officials, will not affect the general agencies held by the first-named firm, but will enable its members to devote more time to general agency work throughout Georgia, Florida, Mississippi and Louisiana.  
The firm of Haas & Howell was organized by the late Aaron Haas in 1891, and has been prominent throughout the south for many years. It is now composed of Edwin R. Haas, Herman J. Haas and C. Arthur Howell. Until recently the firm name was Aaron Haas & Sons & Howell.  
Involved in the transaction between the two firms is the local fire insurance business of the Atlanta Insurance Company, of New York; Hartford, the City of New York Insurance company, of New York; the Tudor Insurance company, of New York; the Svea Insurance company, of Gottenburg, Sweden; the Insurance Company of Philadelphia.

### ATLANTA LIVING COSTS SHOWING SLIGHT INCREASE

Washington, January 18.—Living costs last December, as compared with those in December, 1919, showed an increase in 21 of the principal cities and a decrease in 10, according to the monthly review of the department of labor. The greatest decrease noted was in Chicago, 3.6 per cent, and the greatest increase was in Los Angeles, 6.2 per cent.

The percentages of increase in the other 20 cities included: Memphis, 3.0 per cent; Jacksonville, 2.3 per cent; New Orleans, 2.1 per cent; Houston, 1.1 per cent; Norfolk, 1.0 per cent; Richmond, 1.0 per cent; and Atlanta, 0.4 per cent.

In Savannah the cost of living remained the same during the 12 months' period. The 10 cities which showed decreases included: Birmingham, 0.7 per cent, and Mobile, 0.6 per cent.

F. E. Kamper, of the Kamper Grocery company, states that while prices on some commodities advanced in December, 1920, over those of 1919, staple groceries were far below 1919 prices.

Increases in the cost of milk, coal and wood and large advances in rent were given by Mr. Kamper as the reason for the increase in the cost of living in Atlanta. Eggs, raisins and prunes are the principal commodities which sell for higher prices here than in 1919, he stated.

### DAMAGE OF \$5,000 DONE TO BUILDING ON JONES AVENUE

Fire of unknown origin damaged a building and contents at 26 Jones avenue last night at 11 o'clock to the extent of \$5,000, according to Fire Chief W. B. Cody. The building is used as a warehouse for building materials. The roof was entirely destroyed and water caused damage to the contents.

The building was used by the Delamater Supply company, and was owned by Judge Ernest C. Kontz.

### ASKS THE POLICE TO ARREST WIFE AND HER BROTHERS

Aid of the police in stopping his wife, now thought to be en route to Greenville, S. C., in company with two of her brothers, was asked at midnight last night by R. A. Fields, 455 Simpson street. According to Fields, his wife and her two brothers, Tom and Cleve Harrison, who have been guests at his home for several days, suddenly decided last night to go to Greenville. Both men had guns, he said, and when he drew his own to prevent their going, after argument, he was covered by both and they then placed his wife in a high-powered roadster and left. He said that he had no doubt that his wife and her two brothers had been on good terms with her.

### TECH HIGH BUILDING PLANS ARE EXPLAINED

The "All Tech 'High' banquet which was held Tuesday night at the Kimball house was a tremendous success, the occasion being the explanation of plans for a new and elaborate school building.

Professor W. A. Sutton acted as toastmaster and made a short opening address, in which he quoted statistics to show that a recent Tech High graduating class sent 37 of its 88 graduates to college, making a record for a high school, and demonstrating the advantages of special education.

Among the speakers were Professor Charles Culver, of Gadsden, Ala., formerly of Tech High; Mel R. Wilkinson, W. O. Foote, Dr. Ashby Jones, pastor of the Ponce de Leon Baptist church; Mayor Key, Frank Tuman, Albert Jordan, Professors White, Wardlaw, Simmons, Chaney and Wolcott. A representative of each class was also called upon to speak.

After the dinner the passage of the emergency school tax and of the good it would do for the system, was predicted. It was an effort was made to stop the collection of the tax by injunction proceedings that it could fail.

### MRS. LAMBERTON AWARDED CUSTODY OF DISPUTED BOY

Macon, Ga., January 18.—(Special.)—Another chapter was written here today in the litigation over the custody of a boy, when one of his grandmothers, Mrs. H. G. Lambertson, was awarded custody of the child.

The litigation began three or four years ago, following the death of the child's mother. The two grandmothers engaged in personal combat at the grave of the mother, each endeavoring to take the child by force.

Some time ago in the court of ordinary Mrs. Lambertson was appointed guardian. Today the case came to the superior court on an appeal, in which Mrs. Patterson, the paternal grandmother, sought to have the action of the ordinary set aside. The appeal was dismissed and the child will remain in custody of the Lambertsons.

After the death of the child's mother, his father married a daughter of Mrs. Lambertson. The father enlisted in the army, and is still in the service.

### \$25,000 FIRE VISITS KITCHEN AT CLEMSON

Clemson College, S. C., January 18.—(Special.)—Fire this morning partially destroyed the kitchen and commissary at Clemson college. The loss is estimated at \$25,000, fully covered by insurance carried with the sinking fund commission of the state.

The kitchen and commissary are attached to barracks No. 1, the largest of a group of three dormitory buildings. For a while this entire group was threatened, but the splendid fire fighting of the corps of cadets confined the conflagration to its original limits. There were no accidents.

### SAXOPHONE NUMBERS ENJOYED BY KIWANIS

The policy recently inaugurated in the Kiwanis club of presenting as much home talent, as possible at its weekly luncheons met with increased favor Tuesday when the program committee provided a fine feature without even going outside the committee.

Arthur W. Falkenburg introduced himself Tuesday as the musical star for the day, and by his excellent saxophone playing the club was much surprised. He preceded his numbers with a witty speech of introduction. Abel Winburn, pianist for the Yellow Jacket quartet, accompanied him at the piano.

### REPORT EXPECTED IN LYNCHING CASE

Continued From First Page.  
Soldiers of the Alabama national guard had been arrested at Jasper in connection with the killing of William Barrow, a coal miner, held being held on a charge of murdering a member of the militia.

### REFERRED TO WAR DEPARTMENT

Washington, January 18.—A request that federal troops be sent into the mine strike district in Alabama to replace the Alabama national guard has been received at the white house from the United Mine Workers of Alabama.

The request was referred to the war department and it was said that officials there had decided that the request for federal troops should come from the governor if the situation was such as to warrant their presence.

### SAVANNAH LIQUOR CHARGES PROBED

Continued From First Page.  
business. When the proper time comes I'm going before the United States district attorney and give him all the details.

Officials in Atlanta were stirred when the reports of Kassel's charges reached Atlanta, in view of the heated controversy that has existed for some time between Mayor Murray Stewart, of Savannah, and officials of the prohibition department, involving the enforcement of the dry laws.

The opening gun of the big battle of words was fired by Colonel Jesse Mercer, federal prohibition officer, when he charged, following a visit to Savannah, that certain city authorities were guilty of connivance with distillers, bootleggers and retail bootleggers. Mayor Stewart denied the charges, and a series of pungent interviews, containing various charges and counter-charges, were issued.

A rumor that an investigation of the trouble had been ordered by the state department was current in Atlanta last week, while Mr. Kassel was at the residence of the state department.

### KASSEL'S "PROTECTION" CHARGE IS ALTERED

Savannah, Ga., January 18.—(Special.)—In spite of a written statement by Ivy Kassel denying that he had given out a statement to the effect that he had been "protected" in dealing in liquor, Assistant District Attorney Turner admitted today that Kassel had a conference with him "on a matter of this nature" and that Kassel had admitted before the federal officers evidence relating to "protection."

The newspaper reporter who first stirred up the story of Kassel's admission, declares that Kassel did tell him the "protection" story, and added that Kassel also admitted it, and referred the newspaper man to Kassel himself for the facts.
